

Welcome to the  
new world for life science

GoCo

GoCo Health  
Innovation  
City

A community  
for life science

A digital launch through our  
cluster collaboration network

# Sports, Exercise and Health

During the first half of 2021, GoCo Arena has been bringing representatives from academia and industry together resulting in a new collaborative platform: Sports, Exercise and Health. September the 9th will be an important step in establishing the vision in our shared strategy.

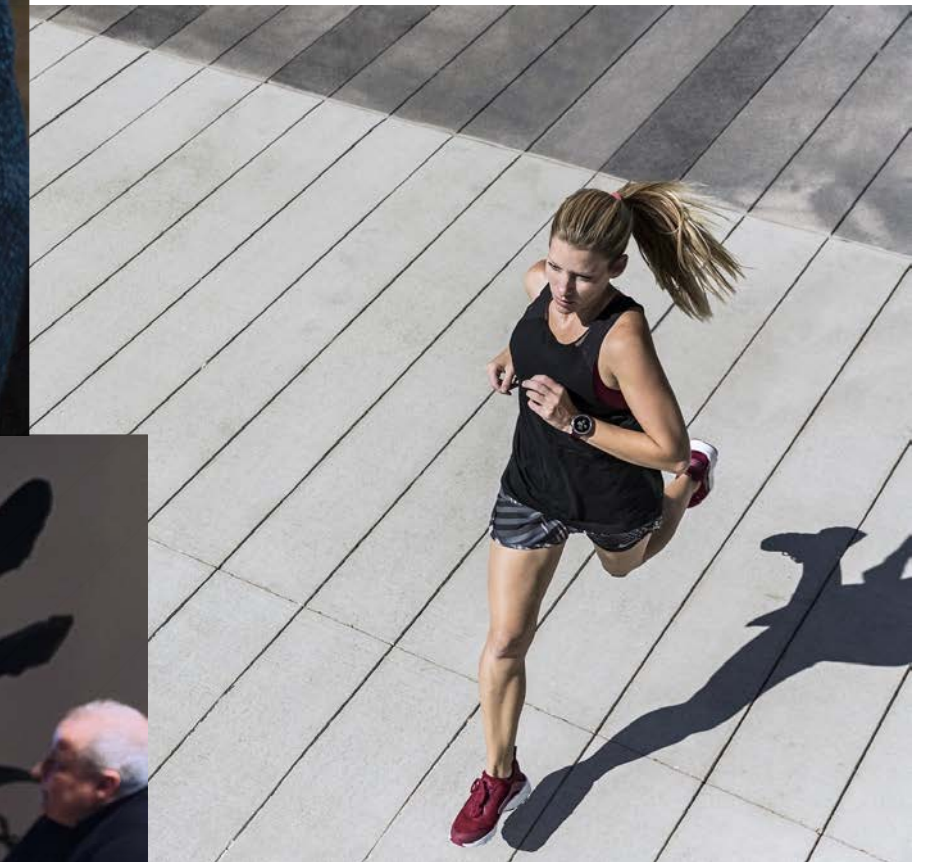

A whole day to focus on health and collaboration with Mats Börjesson
